Do you have large items or a lot of extra material?

- **Extra bags:** You can place extra bags next to your garbage cart on your collection day and we will pick them up curbside. There is a charge per bag and prices vary by jurisdiction. 
- **Bulky items:** Large items that would not otherwise fit in your garbage cart such as furniture or appliances can be scheduled for a special pick up. Contact our office and request a "bulky item pick up." There is a fee for this service that varies based on the item(s) picked up. 
- **Large amounts of extra garbage and/or bulky items:** If you have a significant amount of extra bags or large items, it may be more cost effective for you to order a temporary container or drop box. 
- **Temporary containers:** We have 3-yard and 4-yard temporary containers that you can order for a flat fee and keep for up to 1 week. These containers are great for small projects or garage clean outs. They are about the footprint of a pick up truck bed, but taller.
- **Drop Boxes:** If you have a significant amount of material to dispose of from a large yard clean up, remodel project, roofing project, or something similar, a drop box may be your best option. These drop box sizes include 10-yard, 20-yard, 30-yard, and 40-yard (10-yards only available for specific materials). 

We have the privilege of being your franchised provider for all of these services, which means no other company can provide these services to you. The 3rd party drop box companies that you may find online do not provide drop boxes, they contact us to order the service because the area is franchised. Those companies may upcharge you for the services that we are providing. These prices will be above the franchised rates that are set by your jurisdiction. **Make sure you contact us directly to avoid being charged more than the rates that have been set in your jurisdiction.**
